### Important Notice

Septic Smart Week is Sept. 14-18, 2020. Are you on septic or sewer? If you don't know, look at your water bill. Homes with septic tanks do not pay sewer treatment fees. Those on sewer pay for treatment at one of Cobb's four water reclamation facilities. If you are not paying sewer fees, then you should be paying a waste hauler to pump your tank and inspect your septic system. Septic systems require pumping every 3-5 years to remove solids and address concerns. Many factors impact system effectiveness including volume of water used; number of people in the home; condition of the drainfield; and presence of tree roots in the pipes, tank, and drainfield. Be Septic Smart. Maintain your system, attend a free Septic 101 Workshop on 9/25, and learn more at [www.cobbstreams.org](http://www.cobbstreams.org)

Have you updated your email & cellphone number with us? The easiest way is to sign up on our new payment portal found at [www.cobbcounty.org/waterpay](http://www.cobbcounty.org/waterpay). You can view bills, receive notifications, and set up autopay.
