### SUMMER POWER OUTAGE TIPS

During summer's occasional severe weather, even the best safeguards can't always prevent a power outage from occurring. If you experience such an outage the first thing to do is contact the utility so that we can get your service restored as quickly as possible. Other precautions to take include:

- Call 911 if you see a downed power line and keep away from the area.
- Ensure any on-site generators are inspected and serviced regularly.

### NEIGHBORS SERVING NEIGHBORS.

Our customers are at the center of everything we do. From our knowledgeable office staff to our dedicated line workers, we all strive for the complete satisfaction of every customer, no matter the situation. We treat each customer as if they're our neighbor, which works great because they usually are.

See all of the ways we serve our neighbors at [rfmu.org](http://rfmu.org).
