**Understanding Your Gas Bill**

The following definitions are provided to help you better understand your gas bill. Your bill may not include all of the items listed below.

**Adjustments:** These are refunds or additional charges related to your account.

**Basic Service Fee:** A charge to cover the cost associated with meter reading and billing, return on investment, property tax and depreciation for meters, regulators, and service lines.

**Budget Plan Amount:** An estimate based on a customer's annual gas usage, divided into 12 monthly payments.

**Budget Plan Balance:** A "credit" balance occurs when the cumulative billings, based on actual gas usage, are lower than the total budget amounts paid. A "debit" balance occurs when the cumulative billings, based on actual gas usage, are higher than the total budget amounts paid. Upon cancellation of service, the full debit balance will be due.

**CCF:** A unit of measurement equal to 100 cubic feet.

**Charitable Contributions:** A voluntary donation that helps disabled and elderly customers with low income pay a portion of their gas bill. These funds are distributed through Utah's REACH program and Energy Share of Wyoming—100 percent of all donations help those in need. (To sign up, contact Dominion Energy.)

**Dekatherm (Dth):** A standard measurement for heat, which is equal to 1 million Btu (British Thermal Units).

**DPA (Deferred Payment Agreement):** A payment arrangement where a past-due balance can be divided into smaller amounts and paid over a specified period of time.

**Electronic Check Conversion:** Paying by check authorizes us to use the information from your check to make a one-time electronic funds transfer from your account. The funds may be withdrawn as early as the date we receive your payment, and you will not receive your check back from your financial institution.

**Energy-Assistance Fund:** A fee Dominion Energy is required to collect from all Utah customers to help assist people with low income pay a portion of their gas bill. Utah HEAT offices administer these funds.

**MCF:** A unit of measurement equal to 1,000 cubic feet.

**Rate Code:** This indicates the rate schedule used for billing. The current rate schedules are available at [DominionEnergy.com](http://DominionEnergy.com).

**Volume Multiplier:** This is a factor used to convert gas volume into dekatherms. Included in the factor are a number of values including Btu, regulator pressure, elevation, etc.

*This portion is intentionally left blank.
