## Important Customer Information from Dominion Virginia Power

Your premise uses a meter that records energy usage in 30-minute intervals. The sum of these intervals is used to calculate your bill and is displayed in the Billable Usage section. Meter readings are provided as a reference to validate your electric consumption with the intervals. Differences may occur due to rounding, timing, and when a meter multiplier is present. Visit [www.dom.com](http://www.dom.com) to view your 30-minute interval data.

Knowing your exact bill amount is easy with Budget Billing. When you enroll, you avoid seasonal fluctuations in your bill. Your monthly amount is based on an average of 12 months of usage at your business address. There are no additional fees and you can stop Budget Billing at any time. Find out your Budget Billing amount or enroll by signing in at [dom.com](http://dom.com) or call 1-866-DOM-HELP (1-866-366-4357) to get started.
