Government surcharges - Delivery	.65
<b>Total electric delivery charges</b>	<b>\$545.66</b>

**Your electricity total \$860.41**

### Understanding your bill

**Full Service** applies to customers who elect not to participate in Retail Choice and continue to receive both the supply and delivery of electricity and/or gas from Orange & Rockland.

**Retail Choice** applies to electric or gas customers who purchase their energy supply from an alternate energy provider rather than from the utility company.

**Basic Service Charge** covers the cost of metering, billing and other customer services. This charge may include the cost of a minimum amount of usage that is billed.

**Billing Charge** reflects the itemized portion of the basic service charge related to issuing bills, including preparing bill and processing of customer payments.

**Capacity Charge** recovers costs the Company pays for the capacity it purchases from the NYISO.

**Customer Benefit Contribution Charge** recovers the costs of key policy programs that aid low-income customers and fund energy efficiency and clean energy programs from customers of certain on-site renewable energy projects.

**Electric Vehicle Make-Ready(EVMR) Surcharge** recovers costs associated with investments made by the Company and incentives paid to customers to support the infrastructure and equipment necessary to accommodate increased electricity demands associated with the deployment of Electric Vehicles, until such costs are reflected in base rates.

**Energy Cost Adjustment** recovers costs related to O&R's prior obligation to purchase energy from non-utility generation sources and other purchase agreements that ensure service reliability.

**Forecast Market Supply Charge and Market Supply Charge Adjustment** recovers electric supply costs incurred by O&R on behalf of its full service customers. The Forecast Market Supply Charge reflects market prices, while the Market Supply Charge Adjustment reconciles differences between prior period electric supply costs incurred by O&R and recoveries from its customers.

**Gas Supply Charge** reflects the monthly charges the company pays for purchasing gas supply on behalf of full service customers.

**Government Surcharges** include New York State and local taxes, such as the Gross Receipts Tax, and local village taxes, where applicable.

**Hourly Commodity Charge** reflects the cost of supply for customers subject to mandatory hourly pricing and Smart Home rate.

**Merchant Function Charge** for full service customers reflects certain costs associated with procuring electricity, and procuring and storing natural gas, as well as costs incurred by the company related to the credit and collections activities and uncollectible accounts.

**Metering Charge (non-residential customers only)** reflects costs associated with metering, meter reading and data management.

**Monthly Gas Adjustment or Adjustment Charge** recovers costs of a number of items related to delivering gas to O&R customers such as balancing charges and pipeline refunds.

**Reactive Demand** is intended to encourage certain demand billed customers to reduce their use of reactive power by charging for a power factor less than 95%.

**Revenue Decoupling Mechanism (RDM) Adjustment** is intended to minimize the financial impact to O&R caused by lower sales as O&R implements energy-efficiency programs that help customers reduce consumption. Mechanically, an RDM functions by comparing actual versus authorized revenues and either crediting or collecting any differences from customers in a subsequent period.

**System Benefits Charge (SBC)** recovers costs associated with clean energy activities conducted by the New York State Energy Research and Development Authority (NYSERDA).

**Supplier's Electric or Gas Charges** reflect the cost of energy supply. This section appears on the bill only if the customer receives electric and/or gas supply from an alternate energy supplier.

**Transition Adjustment Charge** recovers costs associated with customers making a transition to competitive service providers for electric supply, billing and metering services.

#### How to get in touch with us

Email: [oru.com/ContactUs](mailto:oru.com/ContactUs)

Phone: 1-877-434-4100

Mail: Orange & Rockland, 390 West Route 59, Spring Valley NY 10977

### Ways to pay your bill

- 1. Auto Pay:** Through Automatic Bill Payment, pay from your checking or savings account at no charge. To enroll, put an X in the box on the payment stub and return it with payment, go to [oru.com/ABP](http://oru.com/ABP), or call Customer Assistance.
- 2. Online:** On the internet at [oru.com/MyAccount](http://oru.com/MyAccount).
- 3. Phone:** Call our **EZ Pay** Express System at **1-877-OREZPAY** (673-9729).
